

DISCHARGE PRESCRIPTION SERVICE

"COUNT ON US FOR CARE YOU DESERVE, SERVICE YOU EXPECT"

Our hospital is very happy to offer you an easy way to have your discharge prescription(s) filled before you leave the hospital.

We recognize you want to return home as soon as possible and allowing us the opportunity to fill your prescription(s) can help you achieve this.

Our Carilion Retail Pharmacy can fill your post operative / discharge prescription(s) as prescribed by your doctor and have them ready for you before you leave the hospital. It is very important to follow your doctor's treatment program. Our pharmacy team will gladly transfer any refills to a more convenient pharmacy if you choose to not repeat our services. The pharmacy team will also be available to offer any prescription consultations needed.

If you choose to let us fill your prescription(s), you may pick them up after you are discharged or we can deliver them to your room, whichever is more convenient for you. Payment is due at time of pick up. A member of your care team can direct you to the pharmacy.

Please let your care team know if you are interested in this service and if you have prescription insurance so we can enter your information into the pharmacy computer system.

Name:
